

Still

By Tobin Redwine

I didn't understand God's Providence

How could I understand what He provided
When I didn't realize I was in need
When I couldn't articulate that I lacked

I didn't understand God's Providence
He provided still

I didn't understand God's Sovereignty

How could I know the fullness
And the richness
Of God's will
When the only will I sought was my own

I didn't understand God's Sovereignty
He is sovereign still

I didn't understand God's Grace

How could I know the timelessness
Of his love
And the magnitude
Of Christ's gift
When I couldn't comprehend my sin

I didn't understand God's Grace

Grace is victory still
